About Me

Computer Science & Electronics graduate and have interest in software and web development. Looking for a position that will further provide practical experience in the tech field which will enhance my knowledge from my education and hands-on experience. Very articulate in both team-work and problem-solving skills.

Education

North-West University

BSc Computer Science and Electronics

01/2017 – 12/2020

Majeje High School

Matric (Grade 12)

01/2012 – 12/2016

Projects

Full Stack Developer - 01/2023

Philander' Portfolio

A portfolio website designed using React and pure CSS.

- [PhiLander Ntsako - Github](#)

Full Stack Developer - 03/2020

Plaudits SA Clothing

An online store (e-commerce) for a clothing company. The dashboard and frontend were designed using HTML, CSS & JavaScript and all backend functionality was handled using PHP, with database queries handled using MySQL.

- <https://plauditssa.co.za>

Full Stack Developer - 01/2019

Sweet Sound Family Websites

A company landing page for sweet sound family. Also, a website that generates links for songs and group them to one link.
